CARD OF THANKS

We wish to thank our friends and neighbors for their sympathy and words of comfort in the death of our infant son. Especially do we thank Dr. Kinney, doctors and nurses at St. Joseph's Hospital, the ministers and all those who sent flowers. Even though our little boy lived only a short time, he was as dear to us as if he had been with us always. Your many acts of kindness will always be remembered. May God's richest blessings be with you all. Mr. and Mrs. B. D. Manning, Judy and Mark.

FOUNDERS' DAY IS MARKED BY NEW HOPE PTA

Founders' Day was observed by the New Hope Parent-Teachers Association Thursday, Feb. 26 at New Hope School. A short business session was conducted by the president, Mr. Louie Wilkins, after which a candle lighting Devotional Service was presented by the following Junior High girls: Judy Fillman, Mary Ann Alcorn, Jeannette Stone, Betty Faye Dyess and Ann Fillman.

Three candles were symbolic of the National, State and Local Associations. The National Congress of Parents and Teachers came into existence in 1897; Alabama affiliated with National in 1911; and the New

Hope PTA was organized in 1949. The local PTA has been affiliated with the State and National Associations since its beginning, and has won progress and achievement awards on various occasions.

An additional feature of entertainment was contributed by Calvin Head of the South-east Alabama Electric Cooperative. This was the play-back of a recorded speech made by Times Watters to the Troy Civitan club at an earlier date.

The Sixth grade and the Eighth grade won the attention of the Junior High School, and Junior High School, and Local Associations.

Refreshments for the evening were in keeping with the Founders' Day theme. A beautifully embossed birthday cake commemorated the founding dates of the National, State and Local Associations.

Punch and a variety of dainty and delectable canapés completed the items of the refreshment table.

Empty your steam iron while it's still hot. The heat will help dry it thoroughly.

4-H Club boys in the Goodman Club who are planting one-acre corn demonstrations are: Deant Anderson, John Brackley, Bruce Chiles, James Farris, Jim Wayne Harbuck, James W. Johnson, Truman Lewis, Johnny Leckler, Sammy McDuffie, Jimmy Ray Moore, Jerry Ray Moore, Dewey Eugene Sims, Leckler Wallace, and Jimmy Watkins.

The 20 bags of corn were donated by a seed company to encourage more and better corn production in Coffee County.

National 4-H Club Week—National 4-H Club Week, ended last Saturday, focused attention on the worthwhile activities our rural boys and girls in Coffee County are participating in. However, we need to think of every week as being a time for adults all over the county to come to the aid of the boys and girls who are learning, working and developing themselves into up citizens. They need the backing that only parents can give.

Paul Donaldson of the Alabama Power Company is meeting with all Coffee County 4-H members this month in joint meetings with boys and girls meeting together.

Paul is showing an excellent film on safety on the farm and in the home. The name of the film is "Miracle in Paradise Valley," and it shows how a community organized to make their farms and homes safe. It is hard to estimate how many lives are lost each year, and how many people are injured. Let's remind ourselves that safety is an important part of training for both boys and girls and adults too.

Talent—In a little over a month, the Coffee County 4-H Club Council is sponsoring a countywide talent contest which will be held in Elba on Thursday night, April 23. Mr. Doris Roberts of the Elba Theatre has offered his complete facilities for this annual event. In addition to the contest, the 4-H Apron Dress and Skirt revue will be held. You will be hearing more about this as time approaches.

Selections used were Grand Union, Santa Cecilia and Tamerlane. Other bands competing were Andalusia, Opp, Enterprise, Geneva, Dothan, Troy and Florida.

Burlina, the local district's big gun, was soundly dumped by the way side in the opening round by the eventual state champions, Pisgah, to the tune of 68-37, the lowest they have scored this season. James Booth junior forward flash for the Tigers, was named to 15 points.

Kinston led all the way, holding a 37-31 lead at the half. The Bulldogs hit 51.7 of their field goal attempts, the highest percentage made in the first round. Following Boland in the scoring for Kinston was Tait, with 22.

SOIL CONSERVATION NEWS

By T. C. Self and Joe Wildman, S.C.S.

H. C. Appleton, agronomist for the Soil Conservation Service, and T. C. Self, soil conservationist of Elba, made observations of ball clover during the past week.

Ball clover plantings were observed on the farms of D. D. Littleton, James Wilson, and James Helms. Since soil moisture was low last fall, all plantings are somewhat later than normally would be expected at this time of year. Enough plants were found on all areas to assure a good reseeded crop under normal conditions.

Mr. Appleton said that ball clover had several advantages over other clovers. Better reseeded and wider adaptability to soil conditions are among the good characteristics. Reseeded crimson clover plantings were observed on Mrs. Ballard's farm and on the Howard Lassiter farm.

District Cooperatives in Coffee county along with other counties in the wiregrass will hold a referendum during the spring. The measure will create single County Districts, thus permitting greater freedom.

In March the following were given assistance with Soil and Water Conservation Farm plan.

Foy Bryan, Foy English, Tex Lowry and Clyde Moore. One of the above farms has an ideal site for a 5-acre pond. The owner hopes to construct this pond at a later date. Two of the above farms have considerable plantings of pine trees.

'Women Better Patients,' Says Family Doctor of Year

Dr. Lonnie A. Coffin, 68, of Farmington, Iowa, back of work after being named General Practitioner of the Year by the American Medical Association.

"Women are better patients than men," according to Dr. Lonnie A. Coffin, Family Doctor of the Year. "They'll do what you tell them, but men won't."

At 68, Dr. Coffin is a warm and happy man, busy with the needs of more than 3,000 people in and around Farmington, Iowa. Enriched by 40 years of country doctoring, he is also a man who speaks his mind, a philosopher with concise and witty views on life. Here are a few of them:

On smoking: "It's undoubtably bad for you. I gave it up after my coronary, and I feel better. I've even quit my daily cigars—I've given it up several times since then."

On health: "The work of the voluntary health agencies makes me confident about the future. The National Foundation for the Blind, for example, is eight years ago when a polio epidemic hit Farmington (I've known it since). It's now applying its March of Dimes funds to birth defects. That's good news, and good health."

On sickness: "If you're sick, do what you can to get well, but try not to worry about it. If you worry, you'll feel worse and so will everybody around you."

On being sick at night: "We all get sick at night. That's because we have more time to think about ourselves."

On drinking: "There are only certain people who should drink. Those who can both control it and afford it."

On fishing: "You can fish all day and I like that. If you catch something fine, if you don't, exaggerate."

On being a doctor: "I try to take care of people no matter what the hour, no matter where they live, no matter who they are. Where or when they get sick is not their fault."

On being a doctor named "Coffin": "Well, it's true that's what they carry you off in, but the fact is my name hasn't scared off too many patients."

POOR ORIGINAL

Through the Keyhole

BY MRS. ROBERT CANNON

A lovely home ceremony united Marla Lee, daughter of Mr. and Mrs. Moses Jordan Lee, and Richard Mossy Norman, son of Mr. and Mrs. Noah Norman in the state of Holy Matrimony.

Rev. Murray Seay performed the ceremony against an improvised altar in the living room.

Twin cathedral candelabra held white candles to form an arch which was flanked by standard baskets of white gladioli and chrysanthemums. Pinks and greens added to the effect.

The family was seated in the dining room which was decorated with gladioli and candles. The guests assembled.

Miss Jeanie Paul played background music at the organ. Later she played the traditional Wedding Marches. Miss Tula Dammes sang "Always" and "The Lord's Prayer" as a benediction.

Marla was a radiant bride as she was escorted to the altar by her father. Her gown was of white lace over silk tulle and had been worn by other brides in the family. The long sleeves and bodice were entirely fashioned of lace, the medallions of which created a portrait neckline effect. A small mandarin collar completed the bodice. A single ruffle of tiny pleats encircled the hem and peeked from under the lace overskirt. Ruffles of this same type encircled the waist at the back to create a bustle effect.

The bride wore white satin shoes to wear with her waltz-length gown. Her veil of illusion was edged in lace and attached to a crested cap of lace encrusted with pearls and iridescent. She carried a bouquet of chrysanthemums and points of net centered with an orchid and showered with streamers tied with lily-of-the-valley and fern. Her only jewelry was Richard's gift of pearls.

Matron of Honor was Mrs. Paul Miles of Birmingham.

cousin of the bride, she wore a dress of daffodil taffeta styled with cap sleeves and rounded neckline. A wide cummerbund of deep gold accented the lines of the full skirt. Her satin shoes were also gold. In her hair she wore a bandeau of lace and pearls, elbow-length gloves and an orchid bouquet completed her outfit.

Before the ceremony, Master Bob Norman and Master Michael Norman lighted the candles. Mr. Bob Norman was an usher and Mr. Phil Matthews of Fort Valley, Ga., served as Best Man.

For the wedding, Mrs. Lee wore pink chiffon styled with a lace bodice and gloves and shoes of deep rose. Mrs. Norman wore a rich blue lace dress with white gloves. Both wore orchid corsages.

After the ceremony, Mr. and Mrs. Roscoe Deal entertained at a reception for their niece. The home was lovely with arrangements of white mums and stork placed on tables and mantel.

In the dining room the table was covered with a white net over white satin cloth. The net was caught up at several points with miniature nosegays of white chrysanthemums and fern. A silver coffee service was placed at one end of the table and a three tiered wedding cake at the other.

In the center was a 3-branched silver candelabrum tied with ribbon and lily of the valley. The cake was placed on a ruffe of net bordered in satin and was encircled at the base with the spun sugar bells dipped in silver which also topped the cake. The columns that separated the tiers of the cake were adorned with tiny pink climbing rose.

Assisting at the reception were Mrs. Bryan Taylor, who served coffee; Mrs. Jack Windham who registered guests; also Mrs. Baxter Bryan, Mrs. John B. Johnson of Curtis; Mrs. Olen Warren, Mrs. Mary Ann Riley, Mrs. Henry Dorsey, Miss Henriette Dorsey, Miss Virginia Lee Dorsey, and Miss Summe Hayes. Miss Jeanie Paul and Miss Sara Beth Seay presented a program of music during the afternoon.

When Mr. and Mrs. Norman

and the party was at Mrs. Elsie King's. Games were played, favors distributed, and the lovely cake was admired and quickly eaten by the young guests.

Assembled were: Paula Taylor, Babs Bruce, Tony Martin, Bill Riley, Terri Calhoun, Steve Ann King, Roy Ella King, Steve Jett and Janet Daniels, Joyce Ziglar and Mary Collier.

Note—Due to lack of space, in last week's Clipper, we were unable to enter the Society events below.

4-H Battles Night Traffic Desperado

Have you met Black Bart—the demon of night driving? It's a menacing and sneaky desperado representing perils of increased accidents after dark, a top safety problem.

Eight winners of \$400 General Motors scholarships for outstanding 4-H safety activities have pledged all 4-H members to defeat Black Bart because three times as many accidents occur after dark as during daylight hours, in proportion to miles driven.

"Last year, 20,800 people were killed in nighttime accidents," they told newsmen recently in Chicago. "This is specially serious in rural areas where roads are dimly lighted."

Have Headlights Aimed Twice a Year

"The national winners and all state safety winners received all expense trips to the 4-H Club Congress from General Motors to recognize their superb farm, home and highway safety work."

Reducing speed at night, dimming headlights when meeting a car, and having headlights aimed twice a year are leading night safety suggestions of these teen-age safety specialists.

Typical was Ralph Zimmer, 17 year old national winner from Lakewood, Colo., who plans to become a traffic safety engineer.

"Most drivers don't realize that headlights on new cars as well as old ones can be jarred out of line by normal road bumps and that up to 80% of the light needed for safe night driving is lost when headlights are improperly aimed," he said.

Nine Times More in Safety Work

General Motors is in its 15th year of sponsoring the 4-H safety program. In that time, participation has soared to 935,000.

Other National Winners include: Mary Ann Harrington, 17, Ruston, La.; Marie Hasterfer, 18, Genesee, La.; Virginia Part-Holmer, 16, Schuyterville, N. Y.; A. A. 17, Reserve, La.; Anita Olin, 16, and Norman Wernham, 16, White Deer, Tex.

Of course I don't scare you. I'm only a little boy making believe I'm a big bad man.

Some day, though, I will be big. Some day this game might be real, 'cause even the biggest bad man was once a little boy. And who knows what made him go wrong? That's why early training is so important.

In church and Bible school we learn about God's kindness and love, and how we can trust Him for the things we need. We learn to avoid to help others, instead of hurting them.

Encourage the children you know to learn all the good they can. Make church and Bible school your family custom—please.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TRANSMISSION ON TRACTOR IS FORD ADVANCE

A totally new type of tractor transmission which can be shifted "on the go" without use of a clutch pedal and which has 10 forward and two reverse speeds is now available in Ford tractors, according to W. E. Windham, tractor and implement dealer at Redmond-Windham Tractor Company in Elba.

"In my opinion, this transmission, called the Ford 'Select-O-Speed' is the greatest advance in tractor operating convenience since Ford introduced the three-point rear implement linkage and the built-in hydraulic system twenty years ago," Mr. Windham said.

"With this new transmission, shifting from any gear to any other gear is a simple matter of 'dialing' the desired gear ratio with a small hand controlled lever just below the steering wheel. The tractor continues to move. There is no need to bring it to a stop while the shift is being made," Mr. Windham said.

Mr. Windham explained that a "Select-O-Speed" Ford tractor employs a solid gear-drive at all times so that the tractor's power is instantly available at the rear wheels. Thus, the "Select-O-Speed" enables an operator to do up to 25 per cent more work and at the same time improves economy as the result of being able to select exactly the right gear ratio and speed for every job the tractor is doing.

"In hard spots, the operator will simply flip the selector lever to the rear which will 'pull through' and where the going is easy, he can up-shift for faster, more economical operation. There is no time lost while the shifts are being made."

This transmission, Mr. Windham said, uses the planetary gear drive principles made famous in 15 million Model T cars. Instead of applying bands and clutches to fly pedals, however, these are now actuated by hydraulic power controlled by the one hand lever.

The ten forward speeds have been engineered to overlap so that an operator can keep his tractor engine running at the most efficient throttle setting while choosing a ground speed ranging from about one half mile an hour to more than 18 mph. The reverse speeds of 1.8 mph or over 5 mph also give versatility for all kinds of jobs.

PEANUT DOLLAR IS PLANNED TO DOUBLE DUTY

Peanut producers of Coffee county can be sure that the funds they contributed last fall toward a larger national promotion to help sell more peanuts from Alabama are being made to do double and triple duty, according to E. C. Brooks, a director of the Alabama Peanut Producers Association from Coffee county.

Mr. Brooks, a peanut farmer himself, lives near New Brockton, explained that a number of leading national advertisers have joined the Alabama growers in promoting peanut butter along with their own products, thus enormously increasing the size of the program at no extra cost to Alabama peanut producers, and peanut butter consumption this year is showing an important increase.

Coffee county growers for the past two years have contributed \$1 per ton of peanuts to a fund aimed at enlarging the national market for peanuts grown here. Last June a promotional campaign was launched to persuade more large-scale manufacturers of peanut products to buy in Alabama, and to help these manufacturers sell more of their products to consumers.

The new members are Patsy Bass, Gloria Bird, Wilma Day, Julia Ann Dunaway, Theron Fuller, Marie Griswold, Patricia Hayes, Vernelle Hines, Rosetta Lindsey, Pat Lochlar, Joseph Lunsford, Walter Lunsford, Iris McDermott, Patricia Nicholson, Pamela Ann O'Neal, Tommie Parker, Lela Ramsey, Judy Sawyer, June Tate, Janie Whitlaw, Martha Wilkes, Jerrie Wilson and Ramona Wilson.

EASTER SEALS SALE STARTED IN ELBA AREA

The 1959 Easter Seal Campaign started this week in Alabama. Ben Brock, west Coffee county Drive Chairman, says that indications are that volunteers have laid the groundwork for the most ambitious drive in the history of the Easter Seal Society.

A total of 15,395 persons received aid from the Alabama Society for crippled children and adults and its county chapters last year," Proctor said.

This figure could easily be doubled if the people of Alabama open their hearts to those who need a helping hand," he added. "To a high physical, speech and occupational therapists, the Alabama Society helps the handicapped help themselves by teaching them to walk, talk and work again."

Girls To Wrestle On Opp Mat Card

Girl wrestlers and Lee Fields, the most popular wrestler in this section, headline next Saturday night's mat program at the Opp National Guard Armory.

Millie Stafford, Minneapolis wrestler, will team up with Fields, who is from Pawhuska, Okla., against Ann (Mrs. Pancho) Villa, Mexican champion, and Arr Nielson in a mixed tag team match, 2 out of 3 falls.

Preliminaries will start at 8:15. Eddie Sullivan and Jimmy Nichols beat Wright and "Spider" Galento last Saturday at Opp and Wright and Galento then lost a scrap with Brownie, the 450 pound bear.

ELBAN ON ESSEX

Memories Of Elba Flood Still Vivid On 30th Anniversary

The above photo was snapped from the air just 30 years ago after Elba had been more than three days and nights of terror. This photo was taken Mar. 15, 1929 at 5:03 p.m., a date which then fell on Friday but of which last Sunday was the anniversary. It was the day previous that water began to rise in the streets

with a suddenness that was almost unbelievable. Like giant waves of a rising tide, columns could be written about the tales of heroism and untold cooperation of the people in face of their worst disaster. Water rose steadily until Friday about 5 a.m. then began to recede gradually, but it was not until late Saturday that evacuation of the city could begin.
